Thank you for purchasing the Futureglass Media Storage Unit!

This product easily complies with the expected quality and style Futureglass is renowned for.

The unit has been designed to offer years of enjoyment, providing these simple guidelines are followed.

The simple tool free assembly means that the unit can be constructed in the shortest of times.

ASSEMBLY INSTRUCTIONS

1. Unpack glass by carefully cutting the tape to prevent cutting the packaging or product inside.

2. Stand the assembled unit so that it is showing the red adhesive tape.

3. To add the base, clean the glass with the supplied alcohol wipe. With a clean lint free cloth or white unprinted kitchen roll, dry the area to enure that it is perfectly clean.

4. Now hold the card template aligned with the base glass on the feet side (underside) of the glass.

5. Place one edge of the glass on to the tape first and ensure that it is aligned correctly and then gently roll it down.

6. The tape gains its strength with pressure, so apply firm pressure to the glass, ensuring that you do not topple the unit.

7. Holding the base, now turn the unit upside down and position. The tape will increase in strength over time. Do not move the unit holding only the base.

8. Add your favourite media to make a statement in your living area.

The glass supplied is toughened to BS6206A for safety. In order to maximize this safety; please follow the following precautions.

1. Position the unit on a flat surface where it will not be knocked.
2. Remove all equipment from the unit before attempting to move the unit
3. Plan the move and clear the path.
4. Always lift with assistance from the bottom shelf.
5. Replace any damaged glass with that of identical specification.
6. Never place heavy objects onto the unit.
7. Use a suitable non-abrasive glass cleaner.
8. Take care when moving the unit.
9. Take care in positioning the unit.
10. Never place hot pans onto the unit.
11. Avoid subjecting the unit to impact.
12. Never sit or stand on the product.
13. The product is not suitable for rough use.
14. In the unlikely event of breakage, a competent person must clear thoroughly the area of broken glass, which may cut.
